

BIG POWER CONTROL OF NATIONS' COURT

International Jurists Ready to
Agree on Root-Phillimore
Organization Method.

FAVOR AMERICAN'S IDEA

British Delegate to Hague
Meeting Would Recognize
Different Types of Laws.

By the Associated Press.

THE HAGUE, June 21.—The conference of international jurists appeared to be in a fair way today to an agreement on the adoption of what may be called the Root-Phillimore plan for a High Court of Nations. Through all arrangements are still tentative, the plan, which was submitted by Lord Phillimore, representing Great Britain, at today's session, would give the Council of the League of Nations, which is controlled by the big powers, the right to name the panel from which the assembly of the league, in which all nations will be represented, would choose perhaps fifteen judges.

The assembly could accept the panel in its entirety or in part, or reject it and submit a panel of its own nominees. In the event of conflicts, these candidates who appeared in both panels would probably automatically be chosen, while the conference committees from the council and assembly would select the others.

The greatest desire of the jurists has been to preserve, if possible, complete separation on the political questions of the league from the abstract questions of a high court. The plan was submitted today only as a rough draft and much is required to be done before it is worked out or adopted. But Baron Descamps, Belgian Minister of State, and other jurists were inclined to treat it favorably as the first real working basis yet submitted.

Lord Phillimore submitted a proposal for the recognition of the fact that in the world there exist several distinct types of law, such as English law, Spanish law, American law and Japanese law. He suggested that judges be selected representing these types, the selection to rest with the existing Court of Arbitral Justice at The Hague.

SUPPORT WIRELESS STRIKE.

Seamen and Firemen Won't Ship
Without Operators.

LIVERPOOL, June 21.—Permission has been given by the Wireless Operators' Association for the steamers Haverford and Belgic to sail without union operators aboard. This decision was taken so as not to inconvenience passengers already at Liverpool.

Ten or twelve other steamers due to sail within the next few days, some of them bound for the United States, will be held up unless the strike of wireless operators is settled, the stewards, seamen and firemen having today decided to refuse to go aboard vessels unless they were provided with union operators. Similar action was taken at Gravesend and Tilbury.

HUNGARY BLOCKADE CALLED WATERTIGHT

Outside Communication Is
Halted by Big Boycott.

VIENNA, June 21.—The boycott against Hungary, proclaimed by the executive committee of the International Trade Unions because of alleged persecution of Hungarian workmen by the Government at Budapest, began today. Postal and telegraphic communication with Hungary has been almost completely interrupted.

Leaders of the workmen declare the blockade is absolutely "watertight." Since midnight Saturday, they assert, not an ounce of goods has crossed the Austrian frontier by rail, water or wagon. They are advised the same is true of the other frontiers reports from Yugoslavia and Poland stating the blockade is absolute.

MASSACRE BY REDS AROUSES JAPANESE

Mass Meetings Blame Gov-
ernment for Nikolaievsk.

TOKYO, June 21.—Indignation caused by the recent massacre of the Japanese garrison at Nikolaievsk, Siberia, by Bolshevik forces has been voiced at almost daily mass meetings here. This culminated today in a reunion arranged by advocates of universal suffrage, at which 20,000 persons were present.

Following speeches blaming the Government for the massacre, many of the crowd tried to reach Premier Hara's residence for the purpose of demanding his resignation. The demonstration, however, was broken up by the police, who dispersed the crowd.

POLES REPORT HEAVY ACTION ON USZA LINE

No Fighting in North Region,
Says Warsaw.

WARSAW, June 21.—Heavy fighting has begun in the Polish sector, along the Usza line, according to an official statement on the fighting operations today.

From north of Dobruka to the Dvina there has been active reconnoitering on both sides, the statement says. "In the northern region there has been no contact with the enemy."

LONDON, June 21.—Russian Bolshevik troops have crossed the Dnieper River in the region of Retchitsa, where the movement is strongly developing, and the Poles are being driven back in the region of Khorosten, according to an official statement issued at Moscow yesterday. A Polish attack southwest of Polotsk has been repulsed, the statement declared.

BAN ON BANANAS PROPOSED.

Jamaica to Prevent Shipment of
Immature Fruit.

KINGSTON, Jamaica, June 21.—To prevent the shipment of immature bananas to the United States and Great Britain the Government has initiated legislation making such shipment an offense, punishable by a heavy fine.

The banana war has tempted the growers to sell immature fruit, which practice the Government is endeavoring to discourage.

REPARATIONS COME UP.

Mr. William Goode to Preside at
Commission's Session.

Special Cable Despatch to THE SUN AND NEW YORK HERALD, Copyright, 1920, by THE SUN AND NEW YORK HERALD.

VIENNA, June 21.—The first session of the Reparations Commission, under the treaty of St. Germain, will be held July 1, and under the Presidency, not of the French representative, as has been

expected, but of a Britisher, Sir William Goode, will be its head.

The French member, M. Globokowsky, and the general secretary of the American mission, Mr. Bath, have arrived in Vienna. The vice-president of the commission will be the Italian representative, Signor Scaramagna.

7,000 Czechs Reach Canada.

VICTORIA, B. C., June 21.—Approximately seven thousand Czech-Slovak soldiers arrived here today from Siberia on the steamship Proteus and M. S.

Dollar. After a stay at quarantine the vessels proceeded to Vancouver, where the soldiers will be placed on trains for the Atlantic coast, thence on vessels for their home country.

COURT CLEAR AFTER FIFTEEN YEARS.
CHICAGO, June 21.—With his court calendar clear for the first time in the fifteen years he has been on the bench, Judge Keneaw M. Landis left tonight for Burt Lake, Michigan, to spend an indefinite vacation fishing.

Navajo Rugs

For the Summer Home

Just received from the Navajo Reservation

WHAT could be more fitting for use in your Summer Home than a beautiful wool rug embodying the marvels of an ancient art developed by a people who belong to the Great Outdoors of our America—the Navajo Indians of the Southwest. It is natural that these people should reproduce in their handiwork the colors and designs which nature revealed to them.

Symbols portraying lightning, clouds and rain as well as the important happenings of the family or tribe, are skillfully woven into the rug.

The art—the rug—everything about it is so thoroughly Navajo that it will appeal to lovers of the Great Outdoors and will bring the romance of the real outdoors to every home.

Made from wool obtained from their own fleeces, carded and spun by themselves and woven into rugs on a primitive hand loom the same as the ones used by their ancestors centuries ago.

Originally woven as blankets, they are now of considerably heavier texture, and are excellent rugs for the Summer home, in living room, bed room, porch, and also are attractive as couch covers or wall decorations for the den. They are alike on both sides and, like Oriental rugs, improve in appearance with age.

And the strange feature of it all is that rugs each of which took two months for an Indian to weave can be purchased at such reasonable prices.

Sizes approximately 4.0x2.0 \$10.89 to \$19.89 Sizes approximately 5.0x3.0 \$19.89 to \$44.50

Sizes approximately 7.0x4.0 \$32.50 to \$69.50

Various other sizes in proportion.
